PREFACE

An Act of the North Carolina General Assembly required the listing of all school children and districts between the ages of 5 and 21. The school children listing for Craven County of 1841 has survived and is available on NC Archives microfilm C.028.90039. In addition to the 1841 listing there are also incomplete listings for 1842 – 1868 along with other committee records and schoolteacher interviews.

This transcription of the lists appears in School District order. The microfilm record did not include districts 7, 9, 31, and 35. Districts Nos. 5 and 11 have two reports and the 2nd report is labeled 5A and 11A. Also the list for District No. 29 was included in this list although it was dated 1842, it was located in the 1841 folder on the film. The microfilm reference frames are included on each page and notes have been appended on the footer of some pages. A summary of the district reports for 1841 appears on microfilm frame 622-623.

The microfilm includes school listings for 1842, 1845, 1846, 1847, 1848, 1850 and 1857-1861. The listing for 1841 is the most comprehensive listing for the dates on the microfilm.
